

Book Review
Prof. Shannon King

Assignment: Please write a critical analysis of the book, including a summary and especially an engagement with the main ideas of the book. This book review should be double-spaced, *Times New Roman*, twelve font, and between 700-900 words in length.

Some prompts/questions to consider as you write your review:

1. What is the subject of the book?
2. What is the main argument (s) or thesis (theses) put forth by the book?
3. Using your historical understanding of the period treated by the book, critically engage briefly the argument and main ideas of the book. Concerning the thesis, do you agree, disagree, or both? Did you like the book? Why? Why not?
